

**Jim Chapin
Golfer**

Legacy Senior Sales Associate, Jim Chapin, loves playing golf as it gives him a chance to see and enjoy some of the most beautiful places in the county. Jim relates that “unlike many sports, you can play golf most of your life and because of the handicap system you can enjoy playing a match with anyone.”

Jim feels real estate is a lot like playing golf. You need to know the course, have a good game plan, and be honest and ethical. Golf has generated business for Jim over the years as once golf friends get to know you, they can trust your due to your ethics and integrity on the golf course.
